1948 INDEX

Volume 35

AUTHOR INDEX

A

Anderson, E. A. and C. E. Reinhard
Causes of Failure of Plated Coatings in Automotive Service 145

B

Balden, A. R., *see* Heussner, Carl E., A. R. Balden and L. M. Morse

Benjamin, Lawrence P., *see* Stern, Arthur C., Lawrence P. Benjamin and Harry Goldberg

Blum, William, Frank L. Clifton and Albert Hirsch
A. E. S. Manual for Electroplaters' Science Course 928

Brenner, A., and C. W. Jennings
Physical Properties of Electrodeposited Metals. I. Nickel 52, 1228

Brenner, A., and Eugenia Kellogg
Magnetic Measurement of the Thickness of Composite Copper and Nickel Coatings on Steel 242

Burns, Ralph F.
Sound Zinc Base Alloy Die Castings 132

C

Caldwell, Maurice R.
Recent Developments in the Finishing of Zinc Base Alloy Die Castings 135

Carter, N. L., and J. J. Dale
Purification of a Watts Type Nickel Plating Bath.... 815

Chandler, A. J.
Brushes in the Finishing Industry 819

Clifton, Frank L., *see* Blum, William, Frank L. Clifton and Albert Hirsch

Cole, G. M.
Filtration in a Modern Plating Plant 904

Curll, V. A.
Corrosion Resistant Cements and Plating Room Practice 1008

D

Dahle, F. B., *see* Safranek, W. H., F. B. Dahle and Charles L. Faust

Dale, J. J., *see* N. L. Carter and J. J. Dale

Dubpernell, George
Electroplating Research 446

Du Rose, A. H., *see* Willson, Karl S., A. H. Du Rose and D. G. Ellis

E

Ellis, D. G., *see* Willson, Karl, S., A. H. Du Rose and D. G. Ellis

Ewing, D. T., Robert Rominski and William King
Effects of Copper Impurities in Nickel Plating Solutions on the Salt Spray Resistance of Nickel and Nickel-Chromium Deposits on Steel 1122

F

Faust, Charles, L., *see* Safranek, W. H., F. B. Dahle and Charles L. Faust, *or* Hothersall, Arthur W. and Charles L. Faust

Ferguson, A. L. and M. V. Tsao
Adhesion of Electrodeposits VI 724

G

Goldberg, Harry, *see* Stern, Arthur C., Lawrence P. Benjamin and Harry Goldberg

Graham, A. K., S. Heiman and H. L. Pinkerton
Deposition of Precious Metal Alloys. I 1217

Graham, A. Kenneth and Robert Lloyd
Stress Data on Copper Deposits from Alkaline Baths..449, 506

Gurnham, C. Fred
Plating Activities in the United States 1121

H

Hall, Robert W., *see* Read, Harold J. and Robert W. Hall

Heiman, S., *see* Graham, A. K., S. Heiman and H. L. Pinkerton

Heussner, Carl E., A. R. Balden and L. M. Morse
Metallurgical Aspects of Electrodeposits 554, 719

Hinton, C. J.
Polishing and Buffing Aluminum 248

Hirsch, Albert, *see* Blum, William, Frank L. Clifton and Albert Hirsch

Hoffman, Norman D.
Stripping of Electrodeposits 351, 404

Hogaboom, George
A. E. S. and How It Began 1015
An Early Course in Electroplating 1119

Hothersall, Arthur W. and Charles L. Faust
Adhesion of Electrodeposits 1221

Huston, Kenneth M.
Surface Finishing of Stainless Steels 1106

J

Jennings, C. W., *see* Brenner, A. and C. W. Jennings

Jernstedt, George W.
P R Plating 708

John, V. P.
Ventilation in the Production Plating Plant 812

K

Kelemen, Denis, *see* Thon, N. and Denis Kelemen

Kellogg, Eugenia, *see* Brenner, Abner and Eugenia Kellogg

King, William, *see* Ewing, D. T., Robert Rominski and William King

L

Lamoureux, Ernest
Early Plating Experiences 562

Levine, W. S., *see* Serfass, Earl J. and W. S. Levine, *or* Serfass, Earl J., W. S. Levine and P. J. Prang *or* Serfass, Earl J., W. S. Levine and J. E. Oyler

Lloyd, Robert, *see* Graham, A. Kenneth and Robert Lloyd

M

Martin, E. L., *see* Mathers, D. C. and E. L. Martin

Mathers, F. C. and E. L. Martin
Stripping of Copper from Steel 463
Deplating of Copper in Cyanide Solutions 569

McSweeney, E. E.
Organic Coatings for Metals 340

Mize, G. G.
Electroplating of Roller Chain 818

Mohler, J. B.
Deplating with Voltage Control 1013

Morse, L. M., *see* Heussner, Carl E., A. R. Balden and L. M. Morse

N

Nell, Karl
Streamlined Analytical Control of Gold Alloy Plating Solutions 345

Nixon, C. F. and R. C. Olsen
Notes on Nickel and Chromium Plating 27

O

Olsen, R. C., *see* Nixon, C. F. and R. C. Olsen

Oyler, J. E., *see* Serfass, Earl J., W. S. Levine and J. E. Oyler

Oyler, R. W.
Electroplating Hazards and Nuisances 1111

P

Pinkerton, H. L.
Current Reversal Devices for P R Plating 1223
see also Graham, A. K., S. Heiman and H. L. Pinkerton

Prang, P. J., *see* Serfass, Earl J., W. S. Levine and P. J. Prang

R

Read, Harold J. and Robert W. Hall
Current Reversal Devices for P R Plating 1222

Read, Harold J. and J. H. Thompson
Effect of Internal Stress on Thickness Determinations by the Jet Method 922

Reinhard, C. E., *see* Anderson, E. A. and C. E. Reinhard

Roehl, E. J.
Mechanical Properties of Nickel Deposits 452

Rominski, Robert, *see* Ewing, D. T., Robert Rominski and William King

S

Safranek, W. H., F. B. Dahle and Charles L. Faust
Electroforming—A Literature Review and a New Application 39

Saltonstall, R. B.
Notes on Laboratory Control of Plating Solutions 257

Savage, Frank K.
Wage Incentives in the Plating Room 237

Schulze, Arthur P.
Mechanical Finishing with Roto-Finish Techniques 911

Seabright, L. H. and J. Trezek
Prevention of White Powder Corrosion of Cadmium Plate 715

Serfass, Earl J. and W. S. Levine
Determination of Traces of Cadmium in Nickel Plating Solutions 458
Determination of Traces of Aluminum in Nickel Plating Baths 1019

Serfass, Earl J., W. S. Levine and J. E. Oyler
Determination of Traces of Sodium and Potassium in Nickel Plating Baths 260

Serfass, Earl J., W. S. Levine and P. J. Prang
Determination of Traces of Silica in Nickel Plating Solutions 156

Simmons, George
Shortages of Nickel 1025

Snyder, H. E.
Plating Room Costs 1115

Soderberg, K. Gustaf
Conservation of Chromic Acid 567

Stern, Arthur C., Lawrence P. Benjamin and Harry Goldberg
Plastic Beads in Chromium Plating Tanks 565

Swanton, Walter F., *see* Weaver, James and Walter F. Swanton

T

Thompson, J. H., *see* Read, Harold J. and J. H. Thompson

Thon, N. and Denis Kelemen
Measurement of Intrinsic Porosity in Electrodeposits 917

Trezek, J., *see* Seabright, L. H. and J. Trezek

Tsao, M. V., *see* Ferguson, A. L. and M. V. Tsao

W

Wagner, R. M.
Plating of Zinc Base Alloy Die Castings 141
Copper Plating 1212

Weaver, James and Walter F. Swanton
Metal Finishing Training at the Rochester Institute of Technology 823

Willson, Karl S., A. H. Du Rose and D. G. Ellis
Electroplating from Fluoborate Solutions 252

Wright, E. J.
Metal Polishing 35

E. Engin direct
East Engin. Library
TS 670 .A1 A51

SUBJECT INDEX

Abstracts 65, 167, 268, 363, 483, 736, 832, 933, 1033, 1132, 1244
Abstracts of Convention Papers 591
Adhesion of Electrodeposits
VI. Determination Through the Use of Cement 724
An Exchange of Views About Terminology 1221
A. E. S. and How It Began 1015
Aluminum, Polishing and Buffing 248
Analysis, *see* "Control" and "Impurities"
Analytical Control of Gold-Alloy Plating Solutions, Streamlined 345
Automotive Service, Causes of Failure of Plated Coating in 145

B

Book Review 61, 265, 362, 470, 734, 831, 933, 1031, 1129, 1243
Brass Solutions and Deposits, Conversion Data for 1014
Brushes in the Finishing Industry 819
Buffing Aluminum, Polishing and 248

C

Cadmium Plate, Notes on the Prevention of White Powder Corrosion of 715
Cements and Plating Room Practice, Corrosion Resistant 1008
Chain, Electroplating of Roller 818
Chromic Acid, Conservation of 567
Chromium Coatings, *see* "Plated Coatings"
Chromium Plating
Notes on Nickel and 27
Tanks, The Use of Plastic Beads in 565, 958
Cleaning for Plating, Trends in 235
Coatings for Metal, Organic 340
Conservation of Chromic Acid 567
Control of Gold-Alloy Plating Solutions, Streamlined Analytical 345
Control of Plating Solutions, Notes on Laboratory 257
Copper and Nickel Coatings on Steel, a New Method for Magnetic Measurement of the Thickness of Composite 242
Copper Coatings, *see* also "Plated Coatings"
Copper Deposits from Alkaline Baths, Stress Data on .. 449
Copper Plating 1212
from Fluoborate Solutions 252
Copper, Stripping of
IV. The Sodium Polysulfide-Sodium Cyanide Method 463
V. Deplating in Cyanide Solutions 569
Corrosion of Cadmium Plate, Notes on the Prevention of White Powder 715
Corrosion Resistant Cements and Plating Room Practice 1008
Costs, Plating Room 1115
Current Reversal Devices for Periodic-Reverse Plating in the Laboratory 1122

D

Deplating with Voltage Control 1013

E

Electrodeposits, Some Metallurgical Aspects of 554, 719
Electroforming—A Literature Review and a New Application 39
Electroplaters' Science Course, A. E. S. Manual for 928
see also "Metal Finishing Training"
Electroplating
An Early Course in 1119
Hazards and Nuisances 1111
of Roller Chains 818
see also "Plating", individual metals
Equipment and Supplies 75, 185, 286, 373, 479, 631, 745, 842, 950, 1045, 1145, 1252

F

Filtration in a Modern Plating Plant, Notes on 904
Finishing
of Stainless Steels, Surface 1106, 1268
with Roto-finish Techniques, Mechanical 911
see also "Buffing", "Polishing"
Fluoborate Solutions, Electroplating from
I. Copper 252

G

Gold-Alloy Plating Solutions, Streamlined Analytical Control of 345
Gold-Silver-Platinum Alloys from Alkaline Solutions, Attempts to Deposit 1217

H

Hazards and Nuisances, Electroplating 1011

I

Impurities, Effects of, and Purification of Electroplating Solutions
Copper in Nickel Plating Solutions on Salt Spray Resistance of Nickel and Nickel Chromium Deposits 1122
Impurities in Electroplating Solutions, Determination of
VII. Traces of Silica in Nickel Plating Baths 165
VIII. Traces of Sodium and Potassium in Nickel Plating Baths 260
IX. Traces of Cadmium in Nickel Plating Baths 458
X. Traces of Aluminum in Nickel Plating Baths 1019
Incentives in the Plating Room, Wage 236
Industry News 181, 281, 312, 416, 520, 680, 786, 876, 982, 1080, 1186

J

Jet Method, Effect of Internal Stress on Thickness Determinations by the 922
Job Plating Shop Troubles 1105

L

Laboratory Control of Plating Solutions, Notes on 257

M

Mechanical Finishing with Roto-finish Techniques 911

Mechanical Properties of Nickel Deposits 452
Metal Finishing Training at the Rochester Institute of Technology 823
see also "Electroplaters", "Electroplating"
Metal Polishing 35
Metallurgical Aspects of Electrodeposits, Some 554, 719

N

New Literature 81, 189, 289, 379, 481, 647, 748, 847, 959, 1051, 1155, 1259
Nickel, Physical Properties of Electrodeposited
Literature Survey 52
Progress Report (on determination of) 1228
Nickel and Chromium Plating, Notes on 27
Nickel and Nickel-Chromium Deposits on Steel, Some Effects of Copper in Nickel Plating Solutions on the Salt Spray Resistance of 1122
Nickel Coatings on Steel, A New Method for Magnetic Measurement of the Thickness of Composite Copper and 242
Nickel Coatings, *see* also "Plated Coatings"
Nickel Deposits, Mechanical Properties of 452
Nickel Plating Baths
Determination of Traces of Silica in 165
Determination of Traces of Sodium and Potassium in 260
Determination of Traces of Cadmium in 458
Determination of Traces of Aluminum in 1019
Purification of Small Watts Type 815
Nickel Plating Solutions on the Salt Spray Resistance of Nickel and Nickel-Chromium Deposits on Steel, Some Effects of Copper in 1122

O

Organic Coatings for Metals 340

P

Patents 70, 174, 274, 368, 472, 740, 837, 942, 1039, 1138, 1247
Periodic-Reverse Plating
Better Deposits at Greater Speeds 708
in the Laboratory, Current Reversal Devices for 1222
Physical Properties of Electrodeposited Metals.
I. Nickel
Literature Survey 52
Progress Report (on determination of) 1228
